

• TRI-PORTAL ARCHITECTURE FOR OUTPATIENT CLINICS

The Complete Operating System for General Practice Clinics.

Eliminate paper records, waiting room chaos, and revenue leakage.

MediTrack seamlessly integrates the **Doctor Suite**, **Reception Desk**, and **Clinic Admin Hub** into a synchronized cloud ecosystem with sub-second latency.

Doctor Suite

PORTAL 01

1-0-1 Smart Rx, Live vitals monitor, ICD-10 diagnosis formulary & patient medical history.

Reception Desk

PORTAL 02

5-sec OPD token dispatch, dual payment counters (Cash vs UPI), & WhatsApp GST billing.

Admin Hub

PORTAL 03

Staff credential provisioning, doctor-desk chamber pairing, real-time queues, & audit logs.

CLINICAL EXCELLENCE GUARANTEE

Zero Hardware Lock-In. Instant Onboarding.

Runs natively on Android, iOS, Windows, Mac, iPad, and Bluetooth thermal printers.

DELIVERED ✓

✓ Auto-Gender Inference: Recognizes gender automatically from patient names, cutting front desk intake down to 5 seconds.

✓ Dual Payment Counters: Strictly separates digital UPI settlements from cash drawer balances to prevent end-of-day tally issues.

✓ Thermal Slip & A4 Print: Instant Bluetooth 80mm thermal token slips, summary bills, and full A4 GST tax invoices.

01 5-Second Token
Dispatch

Instant patient intake with mobile number lookup, auto-name capitalization, and automated doctor chamber queue assignment.

02 Cash vs. UPI
Reconciled

Eliminates counter cash shortages. Every cash transaction is logged separately from UPI QR digital bank credits.

03 Live OPD Queue
Monitor

Real-time status updates (Waiting, In Room, Completed) keep front desk staff perfectly informed of doctor capacity and patient turns.

ABDM Ready

01 Strict Role Isolation

Doctor consultation notes, front desk cash registers, and administrative user controls are strictly compartmentalized by Firestore security rules.

02 Doctor-Desk Pairing

Link any front desk counter to specific doctor chambers, ensuring patient queues route seamlessly to the right consulting room.

03 15-Minute Cloud Rollout

Serverless cloud architecture with zero software installations, real-time multi-device sync, and automated daily cloud snapshots.

Transform Your Outpatient Clinic Operations Today.

Start your clinic operations with zero software installation. Available on desktop, tablet, and mobile browsers.
