

NEXT-GEN MULTI-PORTAL PRACTICE OS

Unified Clinical Intelligence for Outpatient Healthcare.

Eliminate paper clutter, mismanaged queues, and fragmented billing.
MediTrack seamlessly binds the **Doctor Suite**, **Front Desk Reception**, and **Clinic Admin Hub** into one real-time cloud ecosystem.

Doctor Suite

1-0-1 Smart Rx, Vitals capture, diagnosis formulary, & history files.

Reception Desk

Fast OPD token dispatch, dual payment counters, & WhatsApp GST billing.

Admin Hub

Staff provisioning, doctor-desk pairing, real-time queues, & practice audit.

OUTPATIENT EXCELLENCE

Better Care. Healthier Tomorrows.

Digital prescriptions, live queue tokens, and instant WhatsApp GST invoicing.

Dr. Ahmed Family Clinic

Hello Ramesh Kumar, your consultation payment of ₹500.00 was received successfully. ✓

Invoice: INV-2026-4892

Mode: UPI (GPay)

Status: PAID & COMPLETED

MediTrack_Invoice.pdf

DELIVERED ✓

- ✓ **Auto-Gender Inference:** Recognizes gender from patient names, saving front desk registration time.
- ✓ **Dual Payment Counters:** Strictly reconciles digital UPI settlements against physical cash drawer balance.
- ✓ **Thermal Slip & A4 Print:** Instant Bluetooth thermal token slips, 80mm receipts, and full A4 GST invoices.

5-Second Token Dispatch

Register patient name, mobile, age, and assigned doctor with automatic token sequencing and queue broadcast.

Cash vs. UPI Reconciled

Eliminate cash discrepancies at end-of-day. Track exact UPI QR transactions separate from physical cash receipts.

Live Queue Monitor

Real-time status updates (Waiting, In Room, Completed) keep front desk staff perfectly informed of doctor capacity.

ABDM Ready

Strict Role Isolation

Enforced data security guards keep doctor consultation notes, reception cash registers, and administrative logs strictly compartmentalized.

Doctor-Desk Pairing

Link any front desk counter to specific doctor chambers, ensuring patient queues route seamlessly to the right consulting room.

Enterprise Cloud Scalability

Powered by Google Firebase serverless cloud architecture with zero software installations, real-time sync, and automated backups.

Transform Your Outpatient Practice Today.

Start your clinic operations with zero software installation. Available on desktop, tablet, and mobile browsers.
